## Town Water Regulations

This past Sunday the Town Reservoir ran the levels low enough that the pump was not able to pump, cutting the Town's Water Supply. This is due in part to the Town only having one fresh water well working at this time. In light of this we are asking Town Residents to limit the amount of water they are using until the second well is back up and running again. Please follow the

Town Watering regulations or all watering may be discontinued.

## Watering Regulations:

The Town has been drawn into thirds this year, with each area allotted two days to water and all areas allowed to water on Sundays. Areas are:

- B. North of Tracks, east of Third Ave.
- C. North of Tracks, west of Third Ave.

Area A waters on Mondays and Thursday, Area B waters on Tuesday and Fridays, Area C waters on Wednesday and Saturdays. Watering regulations are in effect **IMMEDIATELY**.
